ABOUT

Frontend Developer with 2+ years of experience building modern, responsive, and scalable web applications using HTML5, Tailwind CSS, JavaScript & React.js.

I specialize in:

- ✓ React-based dashboards & landing pages
- ✓ Authentication flows & API integration
- ✓ Tailwind CSS & responsive UI design
- ✓ Performance optimization & SEO-friendly apps

I've worked on real-world client projects including job portals, dashboards, and business websites in Agile environments.

- ❖ Currently based in Qatar
- ❖ Transferable Iqama | Available immediately
- ❖ Open to Frontend / Web Developer opportunities
